Attention:

Shadow Wood, Spring Run, Copperleaf and Lighthouse Bay

Pesky Varmints will be completing Cane toad removal visits for your Association on the below listed nights.

There is no action needed from you, this is just to notify you that there will be a crew on site during the nighttime hours anytime between 9:00 PM and 5:00 AM on the below mentioned dates. They will have flashlights on, pointed towards the ground, and will be checking around the lakes to remove the pesky Cane Toads and their tadpoles. The crew will be identified with yellow safety vests. They will be quiet and discreet so they do not disturb the neighborhood.

***These visits is for the removal of the invasive, poisonous Cane toad only. All other native toads and/or tree frogs are not part of the removal process.**
